COMMERCIAL
DIVERT GATE

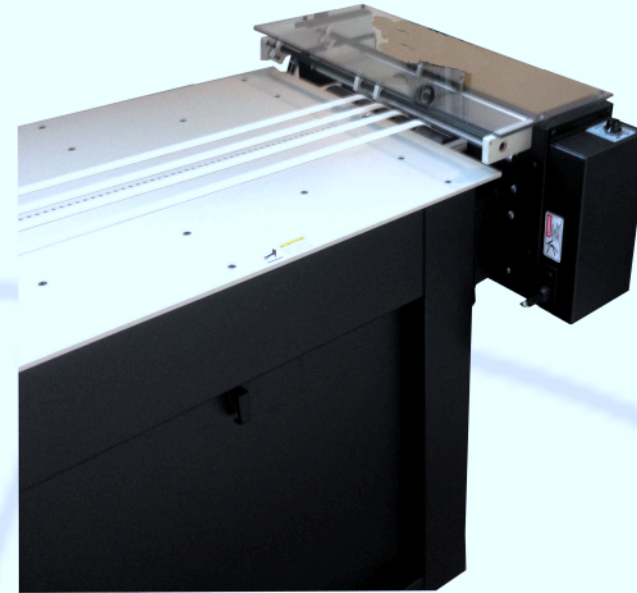

Walco Systems divert gates offer a reliable solution for your product verification needs. A lightning fast air-actuated door provides defective or incorrect pieces a route to be removed from the product stream. Spring loaded rollers allow more rigid pieces to be reliably diverted. Oversize frames and bearings provide reliable operation, and non proprietary replacement parts ease the cost of service.

Features:

- Quick and Easy Setup
- Variable Speed
- Feeds Wide Variety of Products
- Heavy Gauge Steel Construction
- Sealed Shaft Locking Collar Bearings
- Dry Contact Door Control
